

AMD

PLASTIC WELDING MACHINE

Suitable for PE, PP, PS, PC, PA, PB, PVDF, PVC

- Field Welding Machine
- Workshop Welding Machine
- Workshop Fitting Machine
- Saddle Fusion Machine
- Drainage Welding Machine
- Electro Fusion Machine

- Socket Fusion Welding
- Pipe Saws
- Arched Surface Cutters
- Hand Extruder Welder
- Geomembrane Welder
- Hot Air Welding Gun

MANUAL BUTT FUSION WELDING MACHINE

SHDS 160/50 A2
SHDS 200/75 A2

Suitable for PE, PP, PVDF it is convenient to butt welding plastic pipe or fittings suitable for field or workshop

MANUAL BUTT FUSION WELDING MACHINE

SHDS 160/50 A4
SHDS 200/75 A4
SHDS 250/90 A4

Suitable for PE, PP, PVDF it is convenient to butt welding plastic pipe or fittings suitable for field or workshop

HYDRAULIC BUTT FUSION WELDING MACHINE

SHD 160/63
SHD 250/90
SHD 315/90

Suitable for PE, PP, PVDF it is convenient to butt welding plastic pipe or fittings suitable for field or workshop

HYDRAULIC BUTT FUSION WELDING MACHINE

SHD 450/200
SHD 630/315

Suitable for PE, PP, PVDF it is convenient to butt welding plastic pipe or fittings suitable for field or workshop

HYDRAULIC BUTT FUSION WELDING MACHINE

SHD 800/450
SHD 1200/800

Suitable for PE, PP, PVDF it is convenient to butt welding plastic pipe or fittings suitable for field or workshop

HYDRAULIC BUTT FUSION WELDING MACHINE

SHD 2500/1600

Suitable for PE, PP, PVDF it is convenient to butt welding plastic pipe or fittings suitable for field or workshop

WORKSHOP WELDING MACHINE

SHT 160/63
SHT 315/90

Suitable for Lengthning short injection molded fitting in a workshop or produce an integrated fittings

WORKSHOP FITTING FUSION MACHINE

SHG 315/90

Suitable for PE, PP, PVDF fitting in workshop by selection different special clamp, can be used for making pipe fittings to elbow, tee, cross and Y shape (45° and 60°)

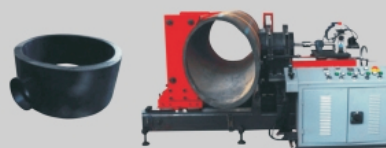

WORKSHOP FITTING FUSION MACHINE

SHG 800/450

Suitable for PE, PP, PVDF fitting in workshop by selection different special clamp, can be used for making pipe fittings to elbow, tee, cross and Y shape (45° and 60°)

SADDLE FUSION MACHINE

SHM 630
SHM 800

Suitable for fabricated PE reducing tee in a workshop. integrated function of welding and taping enables to complete the whole fabricating process

FULL-AUTOMATIC FIELD WELDING MACHINE

QZD 250
QZD 315
QZD 355

Suitable for butt welding of plastic pipes made of PE, PP and PVDF in a worksite or workshop

ELECTRO FUSION MACHINE

EF 20-315
EF 20-500

Suitable for connection PE pipe and fittings with coupling which are used for gas and water supply

SOCKET FUSION MACHINE

AMD-SF 63/20
AMD-SF 110/75
AMD-SF 160

Suitable for socket welding PP, PE pipes or fittings, being used in construction site for water & gas supply

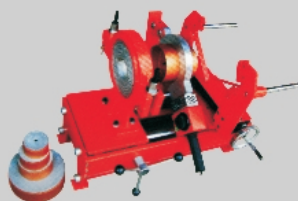

SOCKET FUSION MACHINE

AMD-SF 63/20 D
AMD-SF 110/75 D
AMD-SF 32/20 HT
AMD-SF 40/20 HT

Suitable for socket welding PP, PE, pipes or fittings, being used in construction site for water & gas supply

SOCKET FUSION MACHINE

AMD-SF 160/75 T

Suitable for socket welding PPR, PE, PP pipes or fittings, being used in construction site for water & gas supply

PIPE SAWS

SJC 315
SJC 630
SJC 800

Suitable for cutting solid pipes or structured wall pipes made of thermoplastic such as PE and PP, and also other pipe and fittings made of non-metal materials in workshop

ARCHED SURFACE CUTTERS

SYH 315
SYH 400

Suitable for making arched pipe and according to the main pipe surface while fabricating a PE reducing tee in the workshop

HAND EXTRUDER WELDER

LST 600A
LST 610A
LST 600B
LST 610B
LST 600C
LST 610C

Suitable for welding PP/PE plates, vessels and chemical tanks. make the plastic material connection and fabrication

HOT AIR WELDING GUN

LST 1600
LST 1600A
LST 3400A
LST 2000

Suitable for welding PP/PE plates, vessels and chemical tanks. make the plastic material connection and fabrication

GEOMEMBRANE WELDER

LST 800
LST 800D
LST 900
LST 900D

Suitable for welding PP/PE plates, vessels and chemical tanks. make the plastic material connection and fabrication
